K 314D

FLYTECH

14" Self-service Desktop Kiosk

Design Highlights:

The K314D is the self-checkout/self-service kiosk served to be compact and user-friendly. With the 14" all-in-one terminal core, it is ready to provide an integrated and efficient customer experience. The small footprint of K314D allows the flexible implement into any retail or F&B environment.

K314D supports a thermal printer and up to three payment devices, specifically an Octopus reader, electronic fund transfer terminal and a sharp scanner for mobile payment. The design of semi-exposed printer is typically convenient for refilling paper.

Features:

Printer | Desktop | Payment | Small footprint | 2D Scanner
